WHERE EVERYONE BELONGS

Student Leadership Program

Spring 2016

Dear 8th Grader,

You are invited to apply to be a member of the first team of our middle school WEB Leaders! WEB Leaders are 8th graders who are good role models for younger students and who have been successful in 6th and 7th grades. WEB Leader's communication skills, leadership potential, responsibility, and personality have helped them succeed in the middle school environment, and the lessons they have learned should be shared to help others succeed. You could have a tremendous influence on our new students and you will learn many valuable leadership skills in the process. Plus, it will be fun!!

What does a WEB Leader do? WEB Leaders are trained to work with the incoming sixth graders and other new students who are entering our school next fall. After the extensive training, the WEB Leaders will run sixth grade orientation before school starts in August. At the orientation, each WEB Leader will be given a small group of sixth graders to work with that day and will be asked to befriend and to help that group during the first week of school with any challenges they may face. Additionally, throughout the school year, WEB Leaders will meet again with their student groups to touch base, discuss problems, and plan social activities. We know that the more contact a sixth grader has with his/her WEB Leader the more successful the sixth grader will be.

Come to one of the informational meetings to find out more!
